### Major Projects

#### Maximum Grant Value \$50,000

#### Guidelines Helping food relief charities make a difference in their local communities.

Projects must improve the lives of people experiencing hunger and/or food insecurity in the local community. To help local neighbourhoods we:

- partner with community food relief organisations who attract little funding from government and aren't big enough to generate significant fundraising income of their own.
- invest in projects that will improve the food relief charities capacity to deliver their programs or commence new programs to meet the demand in the local community.

#### To be eligible for funding in the **Major Projects** category, your organisation must:

- be located in the state you are applying for funding in (i.e Feed Victoria grants are only available to food relief charities based within the state of Victoria).
- In this category we only fund major capital works, infrastructure and logistics such as Vans, Forklifts, Cool rooms, Walk-in Freezers
- provide a minimum of 12 months' worth of audited financials
- receive less than 40% of your income from recurrent state, federal or local government funding
- be endorsed as a deductible gift recipient (but not another ancillary fund). Deductible Gift Recipients must be listed with the Australian Taxation Office under Item 1 of the Table in Section 30-15 of the Income Tax Assessment Act, 1936.

#### The **Major Projects** category does not Fund:

- applications for access to food staples
- funding for petrol or fuel costs
- funding deficits
- operating costs
- projects outside the state you are applying for funding in (if you have operations in other states they can apply under that specific state appeal.)
- organisations who have been operating for less than 12 months
- organisations who receive more than 40% of their annual funding from government (unless they have an income less than \$1 million per annum)
- auspiced applications
- sponsorship or funding towards a marketing appeal/event or fundraising activities

#### Additional Information

- Grants up to \$50,000 are allocated each year.
- Feed Appeal is unable to give funding to individuals or organisations that are not eligible recipients.
- In the interest of supporting many different communities our grants governance committee prefer not to support any one organisation for more than three consecutive years commencing 2019. (Any Feed Melbourne past recipients are eligible to apply for Feed Victoria grants in 2019)
- Past recipients should wait until their previous project is acquitted before submitting a subsequent application. (Only applicable in Victoria in 2019, if you received a Feed Melbourne grant in 2018 that requires an acquittal you need to submit this prior to 31<sup>st</sup> August 2019)
- From time to time, we may partner with a larger charity on a project that addresses an issue which we believe to be of benefit to the communities we support through smaller organisations.
