

NATIONAL SNAPSHOT

The Feed Appeal’s overall mission is for no Australians to go hungry.

2020 is the first year of the Feed Appeal Rural school grants aimed at ensuring kids in regional and remote communities have access to school breakfast and lunch clubs.

Feed Appeal rural school grant funding helps grow established breakfast club program to meet the increasing demand, establish a new breakfast club program and in some locations provide pre prepared meals delivered to schools through our partnership with Eat Up Australia.

Kids are our future and we are on a mission to make sure no Aussie kid goes hungry.

We are proud to award 66 grants that will support 80 schools and create 130,000 meals for hungry kids in 2021.
